

Application for Frontend / Full Stack Developer Position

Dear Hiring Manager,

I am writing to express my interest in the Frontend / Full Stack Developer position at your organization. I am currently pursuing a B.Tech in Information Technology at VSB Engineering College with a CGPA of 8.2, and I am eager to apply my technical skills and knowledge in a professional environment.

I have a strong foundation in Java programming and Full Stack Web Development using HTML, CSS, and JavaScript. During my internship at Ether Infotech, I gained practical experience in software development and teamwork. I have also developed projects such as an Automatic License Plate Recognition (ALPR) system and an Inventory Management System, which helped me strengthen my problem-solving and development skills.

In addition, I have completed certifications in Programming in Java (NPTEL), Artificial Intelligence, Generative AI, and Python through Infosys, which enhanced my understanding of modern technologies. I am passionate about building user-friendly applications and continuously improving my technical abilities.

I would welcome the opportunity to contribute my skills and enthusiasm to your team while gaining valuable industry experience. Thank you for considering my application. I look forward to the possibility of discussing my application with you.

Sincerely,
Kishore K
